FOR IMMEDIATE RELEASE  
Thursday, March 5, 2020

## Warren County Board of Elections announces precautions for voting and the COVID-19 virus.

Due to the concern over the Novel Coronavirus and the upcoming Primary Election on March 17<sup>th</sup>, the Warren County Board of Elections is providing hand sanitizer and anti-bacterial wipes for all their polling locations. They are instructing Precinct Election Officials to wipe down voting surfaces and the stylus used by voters to sign the E-Pollbook. The Board has worked in cooperation with the Warren County Health District and trust this will help voters and Election Officials feel more confident on Election Day.

The Board of Elections encourages any voter who may feel ill to Early Vote by requesting a ballot application to be mailed to you. Call 513-695-1358 or visit [www.warrencountyboe.us](http://www.warrencountyboe.us).

The Board of Elections office is also open for Early Voting with extended voting hours both in the evenings and on the weekend. The office is located at 520 Justice Drive, Lebanon.

For more information about COVID-19, visit [www.cdc.gov](http://www.cdc.gov)
